Greetings from the President

Even though we had hoped to be together in person at this time, the fact that we decided to come together as Federationists in a virtual manner yet one more time really shows our resilience and strength as blind citizens. We realize that the road is long with blocks along the way, but yet we see our sense of purpose straight ahead and keep marching on. I would like to thank everyone who attends this year’s convention and hope that you find it very enriching and inspiring to live the life you want no matter what.

We’ve done this before, we got this... – Marcus Soulsby, President, NFBWV

NFB PLEDGE

“I pledge to participate actively in the effort of the National Federation of the Blind to achieve equality, opportunity, and security for the blind; to support the policies and programs of the Federation; and to abide by its constitution.”
